

Course Preference Form

Please fill out and return this form in the enclosed envelope by **August 1**. Transfer students with at least a year of attendance at a post-secondary institution who opt out of First-Year Preceptorial should use the bottom part of the form. All other students should use the top part.

List your preferred courses (other than First-Year Preceptorial) in order, and provide at least one alternate. Do not list a course unless it is on the Open Course list. Courses with no prerequisites are marked with a * on the Open Course list.

Special Instructions on Choosing a First-Year Preceptorial Section: On the left side of the form, list in order your top three choices of preceptorial sections. There is also an option to indicate one section that you do not want. We will make every effort to enroll you in one of your top choices, and to avoid the one you don't want. *[Note: In addition to your choosing your preferred FP choices, we will automatically enroll you in PREC 100L-1, Preceptorial Common Experience (TU, 5s-6 periods), which provides a meeting time for joint lectures and other activities associated with the First-Year Preceptorial.]*

Schedules can be adjusted when you meet with your academic advisor, and final schedules are not confirmed until after closing and balancing of enrollments in course sections a day before the beginning of Fall classes.
