THE VALUE OF YOUR HEALTH BENEFIT PLAN

This document is a description of the Knox College Group Health Benefit Plan (the Plan). No oral interpretations can change this Plan.

This Health Benefit Plan provides you and your family with important protection against financial hardship that often accompanies illness or injury. It has been carefully designed to provide excellent medical and dental benefits and offers financial incentives if you seek the most efficient quality health care services available. The College provides the Health Benefit Plan for you and your family.

Coverage under the Plan will take effect for you and your eligible Dependents when you and such Dependents satisfy the waiting period and all eligibility requirements of the Plan.

The College fully intends to maintain this Plan indefinitely. However, it reserves the right to terminate, suspend, discontinue or amend the Plan at any time and for any reason.

Changes in the Plan may occur in any or all parts of the Plan including benefit coverage, deductibles, maximums, co-payments, exclusions, limitations, definitions, eligibility and the like.

The Plan will pay benefits only for the expenses incurred while this coverage is in force. No benefits are payable for expenses incurred before coverage began or after coverage terminated, even if the expenses were incurred as a result of an accident, injury or disease that occurred, began, or existed while coverage was in force. An expense for a service or supply is incurred on the date the service or supply is furnished.

If the Plan is terminated, the rights of Covered Persons are limited to covered charges incurred before termination.

This document summarizes the Plan rights and benefits for covered Employees and their Dependents, explaining:

♦ How you become eligible to participate,
♦ What benefits are available to you and your family, and
♦ How the Plan is administered.

We hope you’ll take the time to review your benefit coverage from Knox College and share with your family ways to do your part to make the health care system work cost effectively and efficiently for you.

Please contact your College Personnel Office and/or Claims Administrator should you have any questions regarding your Plan.

PLAN PARTICIPATION

You must enroll for coverage under this Plan by obtaining an enrollment form from the College Personnel Office. Complete the form in full, sign and return it promptly to the College Personnel Office.

ELIGIBLE EMPLOYEES

All Employees who work at least One Thousand Forty (1040) hours per year. Effective for new hires after July 1, 2013.

EMPLOYEES ELIGIBLE FOR POST RETIREMENT BENEFITS

Participation - You are eligible for Participation if you are age forty-five (45) and you were hired by the College in a benefits position prior to January 1, 1992.

Benefits - You will be eligible to retire and receive Post Retirement Benefits when you reach age fifty-five (55) provided you have ten (10) years of Participation Service.

Participation Service is defined as service with the College after age forty-five (45).

Note: Employees hired on or after January 1, 1992, will not be eligible for Post Retirement Benefits.

WHEN EMPLOYEES BECOME ELIGIBLE

ENROLLMENT DATE

The “Enrollment Date” is the first day of coverage or, if there is a waiting period, the first day of the waiting period.

You are eligible for coverage on the first day of full-time employment.

If you return from a leave of absence which qualifies under the Family and Medical Leave Act (FMLA) and you chose not to retain health coverage under this Plan during such leave, your coverage will be reinstated upon return from such leave, without any waiting period if you previously satisfied any applicable waiting period.

EMPLOYEE EFFECTIVE DATE OF COVERAGE

Your coverage begins on the date on which you become eligible for Plan benefits provided you have completed an enrollment form and make any required contributions.

If you apply for coverage on or before your eligibility date, or within thirty-one (31) days after your original enrollment date, your coverage will begin on your original eligibility date.

If you terminate your employment, for any reason, during your eligibility waiting period and are subsequently re-employed, you must complete the same eligibility waiting period as applied to a new employee. This requirement applies to both you and your eligible dependents.

LATE ENROLLMENT

“Late Enrollee” means an individual who enrolls under the Plan other than during the first thirty-one (31) day period in which the individual is eligible to enroll under the Plan or during a Special Enrollment Period.

If you do not apply for coverage within thirty-one (31) days of the date you become eligible, or during a Special Enrollment Period, or if you previously elected to end your coverage in the Plan, you may apply for coverage during the annual enrollment period. The effective date of coverage will be the following January 1st.
If an individual loses eligibility for coverage as a result of terminating employment or a general suspension of coverage under the Plan, then upon becoming eligible again due to resumption of employment or due to resumption of Plan coverage, only the most recent period of eligibility will be considered for purposes of determining whether the individual is a Late Enrollee.

The time between the date a Late Enrollee first becomes eligible for enrollment under the Plan and the first day of coverage as a Late Enrollee is not treated as a waiting period.

EMPLOYEES WHO ARE NOT ELIGIBLE

Temporary employees.

Employees who work less than One Thousand Forty (1040) hours per year. Effective for new hires after July 1, 2013.

WHEN EMPLOYEES CEASE TO BE ELIGIBLE

All Plan coverage will terminate on the earliest of the following dates:

The date your employment terminates.

The date you cease to be in a class of employees eligible for coverage.

The date you cease to be an eligible employee.

The end of the period for which you made any required contributions, if you fail to make any further required contributions.

The date the Plan is terminated.

If you were previously covered under the Plan as a retiree and elect to terminate such coverage, you will not be eligible to elect coverage in the future.

If you are absent from work due to an approved leave of absence, other than a Family and Medical Leave Act leave, Medical coverage terminates at the end of twenty-four (24) months following the date of the leave of absence.

If you are absent from work due to a temporary layoff, coverage terminates at the end of three (3) months following the date of the layoff.

If you are absent from work due to a disability, coverage terminates at the end of six (6) months following the date of disability.

This Plan intends to comply with the provisions of the Family and Medical Leave Act (FMLA) (extension and reinstatement of coverage) effective August 5, 1993.

Refer to the section entitled COBRA for information regarding continued coverage after you cease to be eligible under the Plan.

FAMILY MEDICAL LEAVE ACT (FMLA)

If a Covered Employee ceases active service due to a Company approved Family Medical Leave of absence in accordance with the requirements of Public Law 103-3 (or in accordance with any state or local law which provides a more generous medical or family leave and requires continuation of coverage during leave), coverage will be continued under the same terms and conditions which would have been provided had the Covered Employee continued active service.

If the Covered Employee does not return to active service after the approved Family Medical Leave or if the Covered Employee has given the employer notice of intent not to return to active service during the leave, or if the Covered Employee has exhausted the FMLA leave entitlement period, coverage may be continued under the Continuation of Coverage (COBRA) provision of this Plan, provided the Covered Employee elects to continue under the COBRA provision. Continuation of Coverage (COBRA) will be provided only if the following conditions have been met:
1. the Covered Employee or Covered Dependent was covered under this Plan on the day before the FMLA leave began or becomes covered during the FMLA leave; and

2. the Covered Employee does not return to active service after an approved FMLA leave; and

3. without COBRA, the Covered Employee or Covered Dependent would lose coverage under this Plan.

However, these conditions do not entitle a Covered Employee to COBRA if the Company eliminates, on or before the last day of the Covered Employee's FMLA leave, coverage under this Plan for the class of Employees (while continuing to employ that class of Employees) to which the Covered Employee would have belonged if the Covered Employee had not taken FMLA leave.

Continuation of Coverage (COBRA) will become effective on the last day of the FMLA leave as determined below:

1. the date a Covered Employee fails to return to active service after an approved family medical leave;

2. the date the Covered Employee informs the Company of intent not to return to active service; or

3. the date a Covered Employee exhausts the FMLA leave entitlement period and does not return to active service.

The Covered Employee will be totally responsible for the contributions during the COBRA continuation if elected. Coverage continued during a family or medical leave will not be counted toward the maximum COBRA continuation period.

If a Covered Employee declines coverage during the FMLA leave period or if the Covered Employee elects to continue coverage during the family or medical leave and fails to pay the required contributions, the Covered Employee is still eligible under the Continuation of Coverage (COBRA) provision at the end of the FMLA leave. COBRA continuation will become effective on the last day of the FMLA leave.

The Covered Employee will be totally responsible for the contributions during the COBRA continuation if elected, however, the covered employee is not required to pay any unpaid contributions for the time coverage had lapsed during the leave.

If a Covered Employee voluntarily terminates coverage under this Plan during the FMLA leave or if coverage under this Plan was terminated during an approved family medical leave due to non-payment of required contributions by the employee and the employee returns to active service immediately upon completion of that leave, coverage will be reinstated as if the employee remained in active service during the leave, including dependent coverage, without having to satisfy any waiting period, limitations or evidence of good health provisions of this Plan, provided the employee makes any necessary contribution and enrolls for coverage within thirty-one (31) days of the return to active service.
UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT OF 1994 (USERRA)

The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) established requirements that employers must meet for certain employees who are involved in the uniformed services (defined below). In addition to the rights that you have under COBRA, you (the Employee) are entitled under USERRA to continue the coverage that you (and your covered Dependents, if any) had under the Medical and/or Dental Plan.

You Have Rights Under Both COBRA and USERRA

Your rights under COBRA and USERRA are similar but not identical. Any election that you make pursuant to COBRA will also be an election under USERRA, and COBRA and USERRA will both apply with respect to the continuation coverage elected. If COBRA and USERRA give you (or your covered spouse or dependent children) different rights or protections, the law that provides the greater benefit will apply.

Definitions

“Uniformed Services” means the Armed Forces, The Army National Guard, and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty (i.e., pursuant to orders issued under federal law), the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

“Service in the uniformed services” or “service” means the performance of duty on a voluntary or involuntary basis in the uniformed services under competent authority, including active duty, active duty for training, initial active duty for training, inactive duty training, full-time National Guard duty, a period for which a person is absent from employment for an examination to determine his or her fitness to perform any of these duties, and a period for which a person is absent from employment to perform certain funeral honors duty. It also includes certain service by intermittent disaster-response personnel of the National Disaster Medical System.

Duration of USERRA Coverage

General Rule: Twenty-four (24) month maximum. When a Covered Employee takes a leave for service in the uniformed services, USERRA coverage for the Employee (and covered dependents for whom coverage is elected) begins the day after the Employee (and covered dependents) lose coverage under the Plan, and it can continue for up to twenty-four (24) months. However, USERRA coverage will end earlier if one of the following events takes place:

1. A premium payment is not made within the required time;
2. You fail to return to work within the time required under USERRA (see below) following the completion of your service in the uniformed services; or
3. You lose your rights under USERRA as a result of a dishonorable discharge or other conduct specified in USERRA.

Returning to Work: Your right to continue coverage under USERRA will end if you do not notify the Company of your intent to return to work within the time required under USERRA following the completion of your service in the uniformed services by either reporting to work (if your uniformed services was for less than thirty-one [31] days) or applying for reemployment (if your uniformed services was for more than thirty [30] days). The time for returning to work depends on the period of uniformed services, as follows:

<table>
<thead>
<tr>
<th>Period of Service</th>
<th>Return-to Work Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 31 days</td>
<td>The beginning of the first regularly scheduled work period on the day following the completion of your service, after allowing for safe travel home and an eight-hour rest period, or if that is unreasonable or impossible through no fault of your own, as soon as is possible.</td>
</tr>
<tr>
<td>More than 30 days but less than 181 days</td>
<td>Within 14 days after completion of your service or, if that is unreasonable or impossible through no fault of your own, the first day on which it is possible to do so.</td>
</tr>
</tbody>
</table>
Period of Service | Return-to Work Requirement
---|---
More than 180 days | Within 90 days after completion of your service.
Any period if for purposes of an examination for fitness to perform uniformed service | The beginning of the first regularly scheduled work period on the day following the completion of your service, after allowing for safe travel home and an eight-hour rest period, or if that is unreasonable or impossible through no fault of your own, as soon as is possible.
Any period if you were hospitalized for or are convalescing from an injury or illness incurred or aggravated as a result of your service | Same as above (depending on length of service period) except that time periods begin when you have recovered from your injuries or illness rather than upon completion of your service. Maximum period for recovering is limited to two years, but the two-year period may be extended if circumstances beyond your control make it impossible or unreasonable for you to report to work within the above time periods.

*COBRA and USERRA coverage are concurrent.* This means that COBRA coverage and USERRA coverage begin at the same time. However, COBRA coverage can continue for up to eighteen (18) months (it may continue for a longer period and is subject to early termination, as described in the COBRA section. In contrast, USERRA coverage can continue for up to twenty-four (24) months, as described above.

**Premium Payments for USERRA Continuation Coverage**

If you elect to continue your health coverage (or your spouse or your dependent children’s coverage) pursuant to USERRA, you will be required to pay one hundred two percent (102%) of the full premium for the coverage elected (the same rate as COBRA). However, if your uniformed service period is less than thirty-one (31) days, you are not required to pay more than the amount that you pay as an active employee for that coverage.

**Questions**

If you have any questions regarding this information or your rights to coverage, you should contact the College Personnel Office.

**Reinstatement of Coverage**

When coverage under this Plan is reinstated, all provisions and limitations of this Plan will apply to the extent that they would have applied if you had not taken military leave and your coverage had been continuous under this Plan. The eligibility waiting period will be waived as if you had been continuously covered under this Plan from your original effective date. (This waiver of limitations does not provide coverage for any illness or injury caused by or aggravated by your military service, as determined by the VA. For complete information regarding your rights under the Uniformed Services Employment and Reemployment Rights Act, contact your employer).

**ELIGIBLE DEPENDENTS**

Your spouse.

The spouse and dependent children of a deceased Retiree or of an Employee who would have otherwise qualified for Coverage as a Retiree who were covered under the Plan on the day of the Retiree’s or Employee’s death. Coverage shall continue as long as the surviving spouse and dependent children satisfy all other applicable Eligibility provisions of the Plan or until the Plan is terminated.

For purposes of this benefit, “Retiree” is defined as an Employee who was hired prior to January 1, 1992, in a benefits eligible position, has attained age fifty-five (55) and has at least ten (10) years of service.

Domestic Partners – as defined.

Children of domestic partners will qualify as eligible dependents if either domestic partner is the biological parent of the child or if either or both partners are adoptive parents of the child.

Your Dependent Children under age twenty-six (26) ---See definition of "Child".
A Child who is under age eighteen (18) when he is placed with you for adoption and for whom you have assumed and retained a legal obligation for total or partial support in anticipation of adoption of such Child.

A Child you must cover due to a Qualified Medical Child Support Order (QMCSO) subject to the conditions and limits of the law.

Your unmarried Disabled Children over age twenty-six (26) if such Children were Disabled prior to attaining age twenty-six (26). You must provide satisfactory proof of each Child's incapacity and Dependency within thirty-one (31) days after the Child’s twenty-sixth (26th) birthday. Continuing proof of disability and Dependency will be required periodically.

Anyone who is eligible for coverage as an employee will not be eligible for coverage as both an employee and as a dependent.

Dependent children may not be covered by more than one employee.

If the spouse carrying dependent coverage terminates coverage under this Plan, dependent coverage will automatically transfer to the spouse who remains covered by this Plan without submitting evidence of good health providing the employee continues to be an eligible employee. If both a husband and wife are covered employees and one terminates coverage with this Plan, he or she may be covered as a dependent under the remaining spouse’s coverage without submitting evidence of good health.

If your spouse and your dependents are covered for health care benefits through a group plan provided by his/her employer and coverage terminates when he/she ceases active work with his/her employer, he/she and any dependent covered under his/her group health care plan may enroll for coverage under this Plan, if you provide this Plan with proof of the prior coverage and make application for coverage within thirty-one (31) days of the date coverage terminates.

**Extended Dependent Age Coverage**

Additional categories for dependent coverage have been added to the Plan due to the enactment of Illinois Public Act 95-0958.

Unmarried military veteran dependent Children under the age of thirty (30) who are not enrolled as a full-time student are eligible, residency requirement with the Employee is not required but the dependent must be a resident of Illinois.

In addition military veteran dependent Children must have:

- Served in the active or reserve components of the U.S. Armed Forces, including the National Guard;
- Received a release or discharge other than a dishonorable discharge; and
- Submitted proof of service using a DD2-14 (Member 4 or 6) form, otherwise known as a “Certificate of Release or Discharge from Active Duty”.

After the initial Enrollment Period Plans will allow enrollment for these eligible dependents during the Plan’s annual enrollment period.

**QUALIFIED MEDICAL CHILD SUPPORT ORDER (QMCSO)**

If a Qualified Medical Child Support Order is issued for a Plan Participant’s child, that child will be eligible for coverage as required by the order and the Plan Participant will not be considered a Late Entrant for Dependent coverage.

A description of the QMCSO procedures is available from the Plan Administrator upon request, free of charge.

**SPECIAL ENROLLMENT PERIODS**

In certain circumstances, you or your dependent may be eligible to enroll in the Plan outside the initial enrollment period or an annual enrollment period. In other words, you may enter the Plan during a “Special Enrollment Period.” This section explains how an individual may be eligible for Special Enrollment rights. The enrollment date for anyone who enrolls under a Special Enrollment
Period is the first date of coverage. Thus, the time between the date a Special Enrollee first becomes eligible for enrollment under the Plan and the first day of coverage is not treated as a waiting period.

1. **Individual losing other coverage.** An Employee (or Dependent) who is eligible, but not enrolled in this Plan, may enroll if each of the following conditions is met:
   a. The Employee (or Dependent) was covered under a group health plan or had health insurance coverage at the time coverage under this Plan was previously offered to the individual.
   b. If required by the Plan Administrator, the Employee stated in writing at the time that coverage was offered that the other health coverage was the reason for declining enrollment.
   c. The coverage of the Employee (or Dependent) was terminated as a result of loss of eligibility (including legal separation, divorce, death, termination of employment, or reduction in the number of hours of employment), and no COBRA was elected, or the coverage was provided through COBRA and the COBRA coverage was exhausted, or employer contributions toward the coverage were terminated.
   d. The Employee requests enrollment in this Plan not later than thirty-one (31) days after the date of exhaustion of COBRA coverage or the termination of coverage or employer contributions, described above.

   If the Employee (or Dependent) lost the other coverage as a result of the individual’s failure to pay premiums or for cause (such as making a fraudulent claim), that individual does not have a Special Enrollment right.

2. **Dependent beneficiaries.** If:
   a. The Employee is a participant under this Plan (or has met the waiting period applicable to becoming a participant under this Plan and is eligible to be enrolled under this Plan but for a failure to enroll during a previous enrollment period), and
   b. A person becomes a Dependent of the Employee through marriage, birth, adoption or placement for adoption

   then the Dependent (and if not otherwise enrolled, the Employee) may be enrolled under this Plan as a covered Dependent of the covered Employee. In the case of the birth or adoption of a child, the Spouse of the covered Employee may be enrolled as a Dependent of the covered Employee if the Spouse is otherwise eligible for coverage.

   The Dependent Special Enrollment Period is a period of thirty-one (31) days and begins on the date of the marriage, birth, adoption or placement for adoption.

   The coverage of the Dependents enrolled in the Special Enrollment Period will become effective:
   ♦ In the case of marriage, the date of marriage, provided the completed request for enrollment is received.
   ♦ In the case of a Dependent’s birth, as of the date of the birth; or
   ♦ In the case of a Dependent’s adoption or placement for adoption, the date of the adoption or placement for adoption.

3. **An Employee (or Dependent) who is eligible, but not enrolled in this Plan, may enter the Plan during a “Special Enrollment Period” when the following conditions are met:**

   You or a Dependent are covered under Medicaid or any state’s Child Health Insurance Program (CHIP) and the coverage is terminated as a result of the loss of eligibility under either Medicaid or CHIP; or

   You or a Dependent becomes eligible for a premium assistance subsidy for group health coverage under Medicaid or CHIP.

   Enrollment under these conditions must be requested within sixty (60) days after the date of termination of coverage under Medicaid or CHIP or the date of eligibility determination for a premium assistance subsidy under Medicaid or CHIP.

**Effective Date**
Coverage will become effective not later than the first day of the first month beginning after the date the completed request for enrollment is received.

4. **Special Enrollment Period Due to the Extension of Dependent Age to twenty-six (26) and For Previously Enrolled Covered Persons Who Have Exceeded the Lifetime Maximum Benefit**

Dependent children who had ceased to be eligible to enroll in the Plan prior to the passage of the Patient Protection and Affordable Care Act shall be provided with a thirty (30) day Special Enrollment Period. All Dependent children whose coverage under this Plan had previously ended, or who were denied coverage (or were not eligible for coverage) because the availability of dependent coverage of children ended before age twenty-six (26), are eligible to enroll, or re-enroll in the Plan under this Special Enrollment Period. This Special Enrollment Period will begin on June 1, 2011. Coverage for Dependents who enroll during this Special Enrollment Period will become effective on July 1, 2011.

Covered Persons who were previously enrolled, but were terminated from the Plan due to exhaustion of their Lifetime Maximum Benefit shall be provided with a thirty (30) day Special Enrollment Period. All Covered Persons whose coverage under this Plan had previously ended, or who were denied coverage (or were not eligible for coverage) because the prior Lifetime Maximum Benefit had been exhausted, are eligible to enroll, or re-enroll in the Plan under this Special Enrollment Period. This Special Enrollment Period will begin June 1, 2011. Coverage for Covered Persons who enroll during this Special Enrollment Period will become effective July 1, 2011.

A Special Enrollment Period to elect HDHP/H.S.A. Plan will be in November, 2013. Employees will not be able to enroll in the PPO Plan during this Special Enrollment Period.

**DEPENDENTS EFFECTIVE DATE OF COVERAGE**

You must enroll your Dependents for coverage under this Plan by completing an enrollment form and authorizing any required contributions.

Dependent coverage begins on the date on which you become eligible for Plan benefits.

If you apply for Dependent coverage on or before your eligibility date, or within thirty-one (31) days after your original eligibility date, coverage for your Dependents will begin on your original eligibility date.

If you acquire a Dependent after your original effective date of coverage, you must make written application for coverage for that Dependent within thirty-one (31) days of the date of the marriage, birth or adoption. If you apply for coverage for a Dependent within thirty-one (31) days following the date you acquire such Dependent, coverage for that Dependent will begin on the date of the marriage, birth or adoption.

If you do not apply for coverage within thirty-one (31) days after the date you become eligible, or thirty-one (31) days after the date you acquire your first eligible dependent, or during a Special Enrollment Period, or if you previously elected to end Dependent coverage in the Plan, you may apply for coverage during the annual enrollment period. The effective date of coverage will be the following January 1st.

A newborn child will be covered at birth if you have Dependent coverage in effect at that time or if you make written application for Dependent coverage within thirty-one (31) days of the date of birth.

**WHEN DEPENDENTS CEASE TO BE ELIGIBLE**

All Plan coverage will terminate on the earliest of the following dates:

In the case of all your Dependents,

the date your coverage terminates or the Dependent ceases to be a Dependent as defined in this Plan.

In the case of your Spouse,

when you are legally separated or divorced.
In the case of your Domestic Partner,
    when the Domestic Partnership ends.

In the case of a Dependent Child,

In the case of a Disabled Child,
    when the Dependent is no longer Disabled or Dependent upon you for support.

The date the Dependent Coverage is discontinued under the Plan.

The date the Dependent becomes covered as an Employee.

The date the Dependent enters the armed forces of any country on a full-time active duty basis.

The end of the period for which you made any required contributions, if you fail to make any further required contributions.

Refer to the section entitled COBRA for information regarding continued coverage after a Dependent ceases to be eligible under the Plan.
PREFERRED PROVIDER ORGANIZATION (PPO)

Certain hospitals and physicians may participate in a PPO Network. PPO providers have entered into an agreement to provide services at a discounted fee arrangement. The PPO offers access to quality health care services by conveniently located providers at substantial savings to the Covered Persons. Each Covered Person is responsible for verifying a provider’s network membership status prior to each and any service to ensure the claim is covered at the higher benefit level. If your current providers are not participating in the PPO Network, ask your providers to contact the Network for an application for participation or, you can nominate the provider on the Network’s website or call their provider referral department. The PPO Network can only provide the names, addresses, and phone numbers of participating providers; they cannot pre-certify a procedure or verify eligibility or benefits. A list of the hospitals and physicians participating in the PPO is also available through the internet or by calling the provider network that is listed on the ID card.

A Covered Person has freedom of choice in selecting a health care provider; however, there are benefit differences depending on whether services are rendered by a Network provider or by a Non-Network provider. These differences are shown on the Schedule of Benefits.

If a Covered Person is located in an area where Network providers are not available, the Out-of-Area benefits will apply.

If a Covered Person requires treatment for an accident or medical emergency as defined benefits for the initial treatment by a Non-Network provider will be paid as shown on the Schedule of Benefits.

Additionally, if a Covered Person is admitted to a Non-Network hospital as a result of a medical emergency, benefits for stabilization and initiation of treatment will be paid at the Network benefit level until it is medically appropriate for the Covered Person to be transferred to a Network hospital. The determination of when the transfer is medically appropriate will be made by the Covered Person’s physician and the Utilization Review Service.

If the Covered Person chooses to remain in a Non-Network hospital after it has been determined that he could have been transferred to a Network hospital, covered expenses will be paid at the Non-Network benefit level.

If charges are incurred for services performed by a Non-Network provider which relate to:

- An In-Network Confinement;
- An In-Network Out-Patient Procedure; or
- An In-Network Physician/Office Visit;

(i.e., Assistant Surgeon, Anesthesia, Independent Lab, Pathology & X-Ray, etc.) benefits will be paid as shown on the Schedule of Benefits.

Knox College intends to treat the following provider as a Network Provider. Pay PPO Network benefits to Touchstone Imaging of Peoria (aka: Peoria Open MRI) Tax ID #621866276.

Should you choose a provider that is participating in the PPO network, that provider will discount fees charged for the services rendered. Such discounts will be identified on your Explanation of Benefits (EOB). The discounts offered by the participating providers will be credited to your billing record. Should you ever be billed by a PPO provider for the discounts, notify the Claims Administrator who will then contact the provider for the appropriate adjustment.

IMPORTANT

The requirements of the Utilization Review program described below must be followed in order to receive full benefits under the Plan, whether a Network or Non-Network provider is used. In addition, when using a Network provider, benefits must be assigned to that provider.
UTILIZATION REVIEW PROGRAM

The benefits provided by this Plan are limited to charges for any hospital confinement only if the hospital confinement, or the length of hospital confinement, is necessary to the care and treatment of any illness or injury. The Plan has implemented a program of Utilization Review so that you are knowledgeable of the length of your hospital confinement, based upon your diagnosis and the judgment of your physician in consultation with experienced medical personnel.

PLEASE REFER TO YOUR HEALTH BENEFIT I.D. CARD FOR THE TELEPHONE NUMBER OF THE UTILIZATION REVIEW SERVICE.

Pre-Certification Authorization is required prior to obtaining or receiving Inpatient, Outpatient or In-Home services, other than an emergency admission, related to ESRD. Refer to your I.D. Card for the number to call.

ALL BENEFITS PROVIDED BY THIS PLAN FOR CHARGES FOR HOSPITAL CONFINEMENTS ARE SUBJECT TO THE FOLLOWING REQUIREMENTS:

PRE-ADMISSION REVIEW

For Non-Emergency Hospital Admissions:

A pre-admission authorization is required at least twenty-four (24) hours prior to admission to a hospital as a bed patient. You or a member of your family, your physician or the hospital must call the Utilization Review Service whenever a hospital admission is recommended.

The Utilization Review Service will evaluate your planned treatment based upon the diagnosis provided by your physician and established standards for medical care. After consultation with your physician the Utilization Review Service will provide written authorization to you, the hospital, and the Claims Administrator.

The Utilization Review Service's authorization does not verify eligibility or benefits. Questions regarding eligibility or benefits must be directed to the Claims Administrator.
For Emergency or Urgent Hospital Admissions:

"Emergency Hospital Admission" means an admission for hospital confinement which, if delayed, would result in disability or death. In case of an emergency or urgent hospital admission, you, your physician, the hospital or a member of your immediate family must inform the Utilization Review Service of the admission, by telephone, within forty-eight (48) hours after such admission.

For Maternity Hospital Admissions:

Maternity admissions are not considered emergencies. A pre-admission authorization is required at least two (2) months prior to the estimated date of delivery. You or a member of your family must call the Utilization Review Service.

Although the Plan does require you to notify the Utilization Review Service of your pregnancy in advance of an admission, the first 48 hours following a vaginal delivery, or 96 hours following a cesarean section are automatically authorized. Stays in excess of the 48 or 96 hours will require authorization through the Utilization Review Service. Under Federal law, Group Health Plans may not restrict benefits for any hospital length of stay in connection with childbirth for the mother (if a Covered Person) or newborn child (if a Covered Person) to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable).

The Utilization Review Service must be informed of:

♦ The name and birth date of the patient
♦ The name and social security number of the employee
♦ The date of hospital admission or surgery
♦ The name of the employer
♦ The admitting diagnosis
♦ The name of the hospital
♦ The name and telephone number of the attending physician
CONTINUED STAY REVIEW

Before your scheduled discharge the Utilization Review Service will call the hospital and your physician to confirm your discharge. If additional days of confinement are required because of complications or other medical reasons, the Utilization Review Service will again evaluate the treatment and diagnosis in consultation with your physician. This process will continue until you are discharged from the hospital.

IF UTILIZATION REVIEW IS NOT USED

If hospital charges are incurred by a Covered Person for a period of hospital confinement and such confinement has NOT been authorized by the Utilization Review Service as set out under the Pre-Admission Review provisions, the penalty, as shown on the Schedule of Benefits, will apply.

THE NON-COMPLIANCE PENALTIES WILL NOT ACCUMULATE TOWARD THE OUT-OF-POCKET MAXIMUMS.

RETROSPECTIVE REVIEW

The Utilization Review Service will review and evaluate the medical records and other pertinent data of an individual whose hospital stay, or a portion of his/her stay, was not authorized under the Pre-Admission and/or Continued Stay Review provisions of the Plan.

Requests for such review must be made, in writing, by the attending physician or hospital and must define the medical basis for the review.

Benefits will be limited to only those expenses incurred during the period of hospitalization which would have been authorized. No benefits are payable for any period of hospital confinement which is deemed not medically necessary.
WORKSITE HEALTH SCREENINGS

This program is a voluntary part of the Company’s health benefit and is administrated through Interactive Health, Inc. (IH). The worksite health screening is free and helps you and our Company control health care costs and improve Employee productivity by helping you get healthy and stay healthy.

The health screening consists of a simple blood draw and features a battery of 34 diagnostic tests to detect a wide range of health problems including cardiovascular disease risks (high cholesterol, high blood pressure, and diabetes), liver and kidney disease, anemia, and certain types of cancer. They also analyze self-reported health information to assess risks for heart attacks, strokes, mental health problems, and sleep disorders. The result is a complete evaluation of your health state.

After your health screening, IHS will notify you by email (if you provide an email address) when you can access your test results on their website www.interactivehealthinc.com. You will also receive a completely confidential Personal Health Report in the mail. The PHR is an easy to understand health profile that outlines health screening results, reviews potential health problems (health risks), and describes personalized strategies for the individual to address health problems and stay healthy in the long term.

In the near future you will receive information with the dates and locations the screenings will take place. The results are confidential and your employer will not receive any of your personal health information.
CASE MANAGEMENT SERVICES

Case Management is an added service which is used to assist seriously ill or injured Covered Persons requiring long term care. Case Management nurses can provide intensive planning and management for these special situations by recommending alternate treatment plans, arranging home health care services and equipment rental and coordinating the services of the many providers that may be involved in these designated situations.

Examples of illnesses or injuries which may benefit from Case Management services are stroke, premature birth, some forms of cancer, severe burns and head injury.

The Covered Person must cooperate with the Case Manager and provide all relevant medical information regarding his/her condition; however, the choice of the course of treatment is the patient's.

Certain circumstances may cause the Plan Administrator to allow charges that would not otherwise be covered if the proposed alternative is shown to be cost effective. Prior to any final determination, the severity of the condition and the prognosis are taken into consideration. The Plan Administrator shall have the right to waive the normal provisions of the Plan when it is reasonable to expect a cost effective result without sacrifice to the quality of patient care.
EMPLOYEE AUDIT BONUS PROGRAM

The College has initiated an Employee Audit Bonus Program to help uncover hospital and physician billing errors. Employees will be paid an incentive bonus of 30% to a maximum of $1,000 per Calendar Year of any savings generated by their audits of treatment, services and supplies billed but not received. This must be documented by a corrected bill from the provider and, if benefits have been issued, refunds for such charges must be received from the provider before a bonus is payable.

This Program does not apply to:

1. Expenses that are not eligible for benefits;
2. Hospital bills in excess of $10,000;
3. Unsupported hospital charges of less than $10; or

DENTAL EXPENSE BENEFIT

The Dental Expense Benefit has been designed to help you pay for your family's dental expenses and orthodontic treatment.

This benefit covers only those dental expenses which are performed by a licensed Dentist or by a licensed Dental Hygienist if rendered under the supervision and guidance of a Dentist.

Covered dental expenses are further limited to those services and supplies customarily employed for treatment of dental conditions only if rendered in accordance with accepted standards of dental practice.

This benefit covers the services included in the List of Covered Services, appearing on later pages. The list is divided into Preventive, Basic, Major and Orthodontic services.

If a dental service is performed that is not on the list and the service is not excluded by this Plan, but the list contains a similar service that is suitable for the condition being treated, then benefits will be payable as if the listed service was the one actually performed.

A charge will be considered to be incurred:

• For dentures or partials - on the date the impression is taken;
• For fixed bridgework, crowns, inlays or onlays - on the date the tooth or teeth are prepared and the final impressions are made;
• For root canal therapy - on the date the pulp chamber is opened and explored; and
• For all other services - on the date the service is performed.

DEDUCTIBLE AMOUNT

The dental deductible, if applicable, is the amount of covered dental expenses which you must pay before benefits are payable by the Plan. The dental deductible is shown on the Schedule of Benefits and must be satisfied each calendar year.

FAMILY DEDUCTIBLE

When family members have satisfied the Family Deductible amount as shown on the Schedule of Benefits in a calendar Year (no person can contribute more than the individual deductible amount), the Plan will not apply Dental deductibles to the remaining covered dental expenses for all covered family members for that year.

CO-INSURANCE FACTOR

After the calendar year deductible is satisfied, the Plan will pay benefits at the applicable co-insurance percentage shown on the Schedule of Benefits for all eligible dental charges incurred by that individual during the rest of the year.

CALENDAR YEAR MAXIMUM BENEFIT

The maximum benefit shown on the Schedule of Benefits applies separately to you and to each of your covered dependents for all dental services, not including orthodontic services, received in any one calendar year.
LATE ENROLLMENT LIMITATION

If you do not enroll for coverage under the Plan within thirty-one (31) days of the date on which you or your dependents first become eligible for coverage, the following benefit limitations will apply:

For the first twenty-four (24) months of dental coverage there are no benefits for Orthodontic services.

ALTERNATE TREATMENT PLANS

In all cases in which there are alternate plans of treatment carrying different treatment costs, payment will be made only for the least expensive procedure which will produce a professionally satisfactory result, with the balance of the treatment cost remaining the responsibility of the patient.

TREATMENT PLAN

If a course of treatment can reasonably be expected to involve Covered Dental Expenses of $500 or more, a description of the procedures to be performed and an estimate of the dentist's charges should be filed with the Claims Administrator before beginning dental care.

Many dentists require that you agree to the proposed treatment and charges before treatment begins. Therefore, it is valuable for you to know what the Dental benefit will pay before you make a financial commitment.

Have the dentist complete the dental claim form including a written description of the proposed treatment, the estimated cost and x-rays. This process allows the Claims Administrator the opportunity to review Plan coverage, limitations and exclusions, and Plan specifications such as deductibles, co-insurance percentages and benefit maximums.

The Claims Administrator will notify you and the dentist of the benefits payable. Consideration will be given to alternate procedures, services, or courses of treatment that may be performed in order to accomplish the desired result.

If a Treatment Plan is not submitted in advance, the Claims Administrator reserves the right to make a determination of benefits payable considering alternate procedures, services, or courses of treatment, based on accepted standards of dental practice.

This Treatment Plan requirement will not apply to courses of treatment under $500 or to emergency treatment, routine oral examination x-rays, prophylaxis and fluoride treatments.

ORTHODONTIC EXPENSE BENEFIT

When a Covered Person incurs expenses in the accompanying "List of Covered Orthodontic Services", and such expense is incurred while this coverage is in force and treatment is rendered by a Dentist as defined herein, the Plan will pay the benefits as determined for the Reasonable charges actually incurred.

ORTHODONTIC PROCEDURE

Orthodontic procedures means movement of teeth by means of active appliances to correct the position of maloccluded or malpositioned teeth.

ORTHODONTIC TREATMENT PLAN

The charges must be a part of an Orthodontic Treatment Plan which, prior to the performance of the procedures, has been (a) submitted to the Claims Administrator and (b) reviewed and returned to the Dentist showing estimated benefits. Submission of an Orthodontic Treatment Plan is not required, however, if charges made or to be made total $500 or less. Such Treatment Plan must:
1. Provide a classification of the malocclusion,

2. Recommend and describe necessary treatment by orthodontic procedures,

3. Estimate the duration over which treatment will be completed,

4. Estimate the total charge for such treatment, and

5. Be accompanied by cephalometric x-rays, study models and such other supporting evidence as the claims Administrator may reasonably require.

**COVERED CHARGES**

The total covered charges scheduled to be made in accordance with an Orthodontic Treatment Plan shall be payable in equal quarterly installments over a period of time equal to the estimated duration of the Orthodontic Treatment Plan, provided, however, that the number of quarterly installments shall in no case exceed eight (8). The first installment shall become payable on the date on which the orthodontic appliances were first installed, and subsequent installments shall become payable at the end of each three-month period thereafter.

Charges are covered only to the extent that they are made in connection with an orthodontic procedure which is required by one or more of the following conditions.

1. Overbite or overjet of at least four (4) millimeters.

2. Maxillary (upper) and mandibular (lower) arches in either protrusive or retrusive relation of at least one cusp.

Only those dental expenses which would otherwise be payable under the Orthodontic benefit may be included in computing the Orthodontic Deductible. The Orthodontic Deductible must be satisfied once in a lifetime.

**LIFETIME ORTHODONTIC MAXIMUM BENEFIT**

The maximum benefit shown on the Schedule of Benefits applies separately to each Covered Person for all orthodontic benefits received in a lifetime.

OTHER HEALTH BENEFIT PLAN INFORMATION

COORDINATION OF BENEFITS

The Coordination of Benefits provision is intended to prevent payments of benefits which exceed expenses. It applies when the employee or any eligible dependent who is covered by this Plan is also covered by any other plan or plans. When more than one coverage exists, one plan normally pays its benefits in full and the other plan(s) pay a reduced benefit. This Plan will always pay either its benefits in full or, when this Plan has secondary responsibility, a reduced amount which, when added to the benefits payable by the other plan or plans, will not exceed 100% of the total allowable expenses. Only the amount paid by this Plan will be charged against the Plan maximums.

The Coordination of Benefits provision applies whether or not a claim is filed under the other plan or plans. If requested, authorization must be given to this Plan to obtain information as to benefits or services available from the other plan or plans, or to recover overpayment. All benefits contained in this Plan are subject to this provision.

There is no coordination of benefits within this Plan. Coordination is applicable only with other plans.

DEFINITIONS

The term "Plan" as used herein will mean any plan providing benefits or services for, or by reason of, medical or dental treatment and such benefits or services are provided by:

♦ Group insurance or any other arrangement for coverage for Covered Persons in a group, whether on an insured or uninsured basis; or

♦ Group, blanket or franchise coverage; or

♦ Hospital or medical service organization on a group basis, group practice and other group prepayment plans; or

♦ A licensed Health Maintenance Organization (HMO); or

♦ Any coverage under Governmental programs, and any coverage required or provided by a statute; or

♦ Individual automobile insurance coverage based upon the principle of "No Fault" coverage; or

♦ Any coverage under a labor-management trustee plan, union welfare plan, employer organization plan, employee benefit organization plan or such similar plan.

The term "Plan" does not mean individual or family plans or contracts, or any coverage for students which is sponsored by, or provided through a school or other educational institution.

The term "Plan" will be construed separately with respect to each policy, contract or other arrangement for benefits or services, and separately with respect to that portion of any such policy, contract or other arrangement which reserves the right to take the benefits or services of the other plans into consideration in determining benefits and that portion which does not.

The term "Allowable Expenses" means any necessary item or expense, the charge for which is reasonable, regular and customary, at least a portion of which is covered under at least one of the plans covering the person for whom claim is made. When a plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an allowable expense and benefit paid.

The term "Claim Determination Period" means a calendar year, or that portion of a calendar year during which the Covered Person for whom a claim is made has been covered under this Plan.

COORDINATION PROCEDURE
Notwithstanding the other provisions of this Plan, benefits that would be payable under this Plan will be reduced so that the sum of benefits and all benefits payable under all other plans will not exceed the total Allowable Expenses incurred during any Claim Determination Period with respect to Covered Persons eligible for:

1. Benefits either as an insured person or employee or as a dependent under any other plan which has no provision similar in effect to this provision; or
2. Dependents' benefits under this Plan for a dependent who is also eligible for benefits as an insured person or employee under any other plan or as a dependent covered under another group plan; or
3. Benefits under this Plan for an Employee who is also eligible for benefits as an insured person or employee under any other plan, and has been covered continuously for a longer period of time under such other plan; or
4. If an eligible dependent elects membership in a Health Maintenance Organization (HMO) as an employee of another employer, benefits under this Plan are limited to co-insurance and/or deductibles not covered under the HMO and eligible expenses that are specifically excluded under the HMO. There will be no coverage under this Plan for any item not covered by the HMO because the dependent chose not to avail himself/herself to the HMO participating provider.
5. If a Medicare eligible Retiree (and his covered Dependents) is covered under this Plan, benefits under this Plan are limited to co-insurance and/or deductibles not covered by Medicare and eligible expenses that are specifically excluded by Medicare but covered under this Plan.

For Services rendered to a Medicare eligible Retiree and/or his Dependents by a provider that is not a participating Medicare provider (does not accept Medicare assignment), the Knox College Group Health Plan shall only pay benefits as a secondary plan and such benefits shall be limited to twenty percent (20%) of eligible covered expenses. This provision will not apply when an employee is out of the country and Medicare provider is not available.

Secondary Amount Rule

If the Employee’s spouse is employed and is covered under any type of group health plan or medical plan (i.e. HRA, MRP, etc.) sponsored by his/her employer that has different benefit levels than plans for Employees who do not have secondary coverage, the Knox College Group Health Plan shall only pay benefits as a secondary plan and such benefits shall be limited to twenty percent (20%) of covered expenses.

ORDER OF BENEFIT DETERMINATION

In Coordination of Benefits, the Plan first decides which plan has primary responsibility for providing benefits. Primary responsibility is decided by these rules in the following order:

1. The Plan pays secondary to any and all PIP, Med-Pay or No-Fault coverage. The Plan has no duty of obligation to pay claims until PIP, Med-Pay or No-Fault coverage is exhausted;
2. The other plan has primary responsibility if it has no coordination of benefits provision;
3. Whichever plan provides benefits for the sick or injured person as a participant (employee), has primary responsibility before the plan covering the person as a dependent;
4. The plan that covers the person (and his/her dependents) as an active employee, pays before the plan that covers the person as a retired or laid-off employee or COBRA continuant.
5. If the claim is for a dependent child, the plan of the parent whose birthday falls earlier in a calendar year has primary responsibility, or if both parents have the same birthday, the plan covering the parent longer has primary responsibility. If the other plan does not have this rule but instead has a rule based on the gender of a parent, and, as a result the plans do not agree on the order of benefits, then the rule in the other plan will determine the order of benefits.

Dependent Child of Separated or Divorced Parents

1. If two or more plans cover a person as a dependent child of divorced or separated parents, benefits for the child are determined in this order:
a. First, the plan of the parent with custody of the child;

b. Then, the plan of the spouse of the parent with custody; and

c. Finally, the plan of the parent without custody of the child.

2. However, if the specific terms of a court decree state that one parent is responsible for the health care expenses of the child and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, that plan is the primary plan. This paragraph does not apply with respect to any benefit period or plan year during which any benefits are actually paid or provided before the entity has actual knowledge.

3. If the order of responsibility cannot be determined by the above rules, such as when the same individual is covered by two group plans, whichever plan has covered the ill or injured person for the longer period of time has primary responsibility.

The College has the right:

1. To obtain or share information with an insurance company or other organization regarding Coordination of Benefits without the Covered Person's consent; and

2. To require that the Covered Person provide the College with information on such other plans so that this provision may be implemented; and

3. To pay the amount due under this Plan to an insurer or other organization if this is necessary, in the College's opinion, to satisfy the terms of this provision.

WHEN ANOTHER PLAN HAS PRIMARY RESPONSIBILITY

When another plan has primary responsibility, it must first pay its full benefit. This Plan will then pay any remaining covered expenses up to the amount that it would have paid if it had primary responsibility, unless payment is excluded by a provision of the Plan.

RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION

For the purpose of determining the applicability of and implementing this provision of the Plan or any provision of similar purpose of any other plan, the Plan Administrator may, without the consent of or further notice to any person or entity, release to or obtain from any other insurance company, organization, or person any information, with respect to any person, which the Plan Administrator deems necessary for such purposes. Any person claiming benefits under this Plan shall furnish to the Plan Administrator such information as may be necessary to implement this provision.

FACILITY OF PAYMENT

Whenever payments which should have been made under this Plan in accordance with this provision have been made under any other plan, the Plan Administrator shall have the right, exercisable alone and in its sole discretion, to pay over to any organization making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, the Plan Administrator shall be fully discharged from liability under this Plan.

The benefits that are payable will be charged against any applicable maximum payment or benefit of this Plan rather than the amount payable in absence of this provision.

RIGHT OF RECOVERY

Whenever payments have been made by the Plan Administrator with respect to Allowable Expenses in a total amount which is, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, the Plan Administrator shall have the right to recover such payments, to the extent of such excess, from any person or entity to, or for, or with respect to, whom such payments were made.
SUBROGATION

Subrogation/Right of Recovery

When the plan pays for expenses that were either the result of the alleged negligence of, or which arise out of any claim or cause of action which may accrue against, any third party responsible for injury or death to the Covered Employee or Dependent of the Covered Employee (hereinafter named the Covered Person) by reason of their eligibility for benefits under the Plan, the Plan has a right to equitable restitution and will advance benefits if the Covered Person agrees to the following.

The Covered Person will reimburse the Plan out of the Covered Person’s recovery for all benefits paid by the Plan. The Plan will be reimbursed in full prior to the Covered Person receiving any monies recovered from any party or their insurer as a result of judgment, settlement or otherwise. The duty and obligation to reimburse the Plan also applies to any insurance. The Covered Person is obligated to repay the Plan even if the Covered Person is not fully compensated or made-whole from any money they receive. The Covered Person agrees to include the Plan’s name as a co-payee on any settlement check. The Plan is paying benefits in reliance upon the Covered Person’s agreement to the terms contained in this section.

The Plan has the right to the Covered Person’s full cooperation in any case involving the alleged negligence of a third party. In such cases, the Covered person is obligated to provide the Plan with whatever information, assistance, and records the Plan may require to enforce the rights in this provision. The Covered Person further agrees that in the event that the Plan has reason to believe that the Plan may have a subrogation lien, the Plan will require the Covered Person to complete a subrogation questionnaire, sign an acknowledgment of the Plan’s Subrogation rights and an agreement to provide ongoing information; before the Plan pays, or continues payments of claims according to its terms and conditions. Upon receipt of the requested materials, the Plan will commence, or continue, payments of claims according to its terms and conditions provided that said payment of claims in no way prejudices the Plan’s rights. If the Covered Person does not agree to the terms and conditions of the Plan’s Subrogation Provision, related claims may be subject to disqualification, denial or loss of benefits.

The Plan may, but is not obligated to, take any legal action it sees fit against the third party or the Covered Person, to recover the benefits the Plan has paid. The Plan’s exercise of this right will not affect the Covered Person’s right to pursue other forms of recovery, unless the Covered Person and his legal representative consent otherwise.

In the event that the Claims Payer determines that a subrogation recovery exists, the Claims Payer retains the right to employ the services of an attorney to recover money due to the Plan. The Covered Person agrees to cooperate with the attorney who is pursuing the subrogation recovery. The compensation that the Plan’s attorney receives will be paid directly from the dollars recovered for the Plan.

The Plan specifically rejects the “common fund” doctrine, whereas, it has no duty or obligation to pay a fee to the Covered Person’s attorney for the attorney’s services in making any recovery on behalf of the Covered Person.

The covered Person is obligated to inform their attorney of the subrogation lien and to make no distributions from any settlement or judgment which will in any way result in the Plan receiving less than the full amount of its lien without the written approval of the Plan.

The Covered Person further agrees that he will not release any third party or their insurer without prior written approval from the Plan, and will take no action which prejudices the Plan’s subrogation right.

The Covered Person agrees to refrain from characterizing any settlement in any manner so as to avoid repayment of the Plan’s lien or right to reimbursement.

The Plan Administrator retains discretionary authority to interpret this and all other plan provisions and the discretionary authority to determine the amount of the lien.

The Plan pays secondary to any and all PIP, Med-Pay or No-Fault coverage. The Plan has no duty of obligation to pay any claims until PIP, Med-Pay or No-Fault coverage is exhausted. In the event that the Plan pays claims that should have been paid by PIP, Med-Pay or No-Fault coverage under this provision, then the Plan has a right of recovery from the PIP, Med-Pay or No-Fault carrier.

If you live in a state with no-fault auto insurance (PIP), your car insurance is the primary plan for medical expenses relating to an automobile accident. This Plan is secondary to PIP but only if you exceed the PIP maximum coverage limits. This Plan does not
permit participants to opt out of no-fault auto insurance as the primary plan. If you should opt out, be aware that this Plan will reimburse you as the secondary plan only under the assumption that you have received primary reimbursement from your auto insurance to the maximum limit available. In other words, you will receive little or no reimbursement from this Plan . . . unless the accident expenses exceed the PIP maximum. Therefore, in order to be eligible for secondary reimbursement for automobile-accident related medical costs, a Plan participant: (1) must have maximum PIP coverage, and (2) must have exceeded that coverage limit.

Under the terms of the Plan, it is the absolute obligation of the Covered Person to reimburse the Plan if the Covered Person recovers from the other party or insurer, without the Plan’s knowledge, for the amount of benefits paid by the Plan for the Injury, Illness or Death.

Failure to reimburse the Plan shall permit the Plan to offset the amount due against the Covered Persons’ future claims submitted by covered members of his or her family. This Plan’s subrogation right is subject to ERISA, which preempts individual state law.
MEDICARE PROVISIONS

Medicare means Title XVIII (Health Insurance for the Aged) of the United States Social Security Act, as added by the Social Security Amendments of 1965 or as later amended.

Full Medicare Coverage means coverage for all the benefits provided under Medicare including benefits provided under the voluntary program (Medicare Part B - doctor's portion) established by Medicare.

Medical Charges as used in this Provision with respect to any services, treatments or supplies, means the charges actually made for such services, treatments or supplies to the extent reasonable and customary.

ACTIVE EMPLOYEES AGE SIXTY-FIVE (65) OR OVER
For active employees age sixty-five (65) or over who continue to participate in this Plan, this Plan will provide its full regular benefits first and Medicare coverage would provide supplemental benefits for those expenses not paid by this Plan.

If the active employee’s spouse is also enrolled in this Plan, this provision would apply to the spouse during the period of time the spouse is sixty-five (65) or over, regardless of the age of the employee.

This provision does not apply to individuals entitled to Medicare because of end stage renal disease (ESRD) and/or disability.

This provision intends to comply with the TEFRA Act of 1982, the DEFRA Act of 1985, the COBRA Act of 1985 and the OMBRA Act of 1986 and all similar Federal acts.

CERTAIN DISABLED INDIVIDUALS
(Employers with 100 or more Employees)

This Plan will be the primary payor and Medicare will be the secondary payor for the payment of benefits for disabled individuals who are "currently working" (as defined by Medicare) covered employees or covered dependents of such employees.

Effective August 10, 1993, Medicare will be the primary payor and this Plan will be the secondary payor for the payment of benefits for disabled individuals who are not "currently working" (as defined by Medicare) covered employees or covered dependents of such employees. The benefits of Medicare and this Plan are fully coordinated to provide benefits totaling not more than the actual expenses incurred.

This provision does not apply to "currently working" disabled individuals entitled to Medicare because of end stage renal disease (ESRD) during the period of time which Medicare is the primary payor and the Plan is the secondary payor as prescribed by law. This provision intends to comply with the OMBRA Act of 1986 and 1993.

CERTAIN DISABLED INDIVIDUALS
(Employers with less than 100 Employees)

For covered individuals who are totally disabled who are eligible for Medicare benefits, both Medicare Part A (hospital portion) and Medicare Part B (doctors portion) will be considered the primary payor in computing benefits under this Plan. The benefits of Medicare and this Plan are fully coordinated to provide benefits totaling not more than the actual expenses incurred.

INDIVIDUALS WITH END STAGE RENAL DISEASE
For covered individuals with end stage renal disease (ESRD) who are eligible for Medicare benefits, this Plan will be the primary payor and Medicare will be the secondary payor for the payment of benefits for the period of time specified by law, after which time Medicare will become the primary payor and this Plan will be the secondary payor. Both Medicare Part A (hospital portion) and Medicare Part B (doctors portion) will be considered in computing benefits under this Plan. The benefits of Medicare and this Plan are fully coordinated to provide benefits totaling not more than the actual expenses incurred. This provision intends to comply with the OMBRA Act of 1993.

RETIRE INDIVIDUALS AND THEIR COVERED DEPENDENTS
For covered retired individuals who are eligible for Medicare benefits, both Medicare Part A (hospital portion) and Medicare Part B (doctors portion) will be considered in computing benefits under this Plan. The benefits of Medicare and this Plan are fully coordinated to provide benefits totaling not more than the actual expenses incurred.

Note: These Medicare Provisions Apply From The Date The Covered Individual Is First Eligible For Medicare Coverage (Either Part A - Hospital Coverage Or Part B - Physician Coverage) Whether Or Not The Covered Individual Is Enrolled And Is Receiving Medicare Benefits.
CONTINUATION COVERAGE RIGHTS UNDER COBRA

The following contains important information about your rights to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This generally explains COBRA continuation coverage, when it may become available to you and your family and what you need to do to protect the right to receive it.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage. This information is included as part of the Plan Document/Summary Plan Description. For additional information about your rights and obligations under the Plan and under the federal law, you should contact the Plan Administrator.

What Is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a “Qualifying Event”. Specific Qualifying Events are listed later in this notice. After a Qualifying Event, COBRA continuation coverage must be offered to each person who is a “Qualified Beneficiary”. You, your spouse and your dependent children could become Qualified Beneficiaries if coverage under the Plan is lost because of the Qualifying Event. Under the Plan, Qualified Beneficiaries who elect COBRA continuation coverage must pay the full cost of COBRA continuation coverage (the full cost means the Employee and Employer cost of coverage) before the group health coverage is continued and monthly payments must be made in order to continue the coverage.

If you are an employee, you will become a Qualified Beneficiary if you lose your coverage under the Plan because either one of the following Qualifying Events happens:

♦ Your hours of employment are reduced; or
♦ Your employment ends for any reason other than gross misconduct.

If you are the spouse of an employee, you will become a Qualified Beneficiary if you lose coverage under the Plan because any of the following Qualifying Events happens:

♦ Your spouse dies;
♦ Your spouse’s hours of employment are reduced;
♦ Your spouse’s employment ends for any reason other than gross misconduct;
♦ Your spouse becomes entitled to Medicare benefits (Part A, Part B or both); or
♦ You become divorced or legally separated from your spouse.

Your dependent children will become Qualified Beneficiaries if they lose coverage under the Plan because any of the following Qualifying Events happens:

♦ The parent-employee dies;
♦ The parent-employee’s hours of employment are reduced;
♦ The parent-employee’s employment ends for any reason other than gross misconduct;
♦ The parent-employee becomes entitled to Medicare benefits (Part A, Part B or both);
♦ The parents become divorced or legally separated; or
♦ The child stops being eligible for coverage under the Plan as a “dependent child”.

Sometimes, filing a proceeding in bankruptcy under title eleven (11) of the United States Code can be a Qualifying Event, but only if the Plan offers retiree coverage. If a proceeding in bankruptcy is filed with respect to the Employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a Qualified Beneficiary with respect to the bankruptcy. The retired employee’s spouse, surviving spouse and dependent children will also become Qualified Beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When Is COBRA Coverage Available?
The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator has been notified that a Qualifying Event has occurred. When the Qualifying Event is the end of employment or the reduction of hours of employment, death of employee, commencement of a proceeding in bankruptcy with respect to the Employer, or the employee becoming entitled to Medicare benefits (Part A, Part B or both), the Employer must notify the Plan Administrator within thirty (30) days of any of these events.

**You Must Give Notice Of Some Qualifying Events**

For the other Qualifying Events (divorce or legal separation of the employee and spouse or a dependent child’s losing eligibility for coverage as a dependent child), you must notify the Plan Administrator. The Plan requires you to notify the Plan Administrator in writing within sixty (60) days after the Qualifying Event occurs. Your written notice should include the date of the Qualifying Event. If you or your spouse are notifying the Plan Administrator of a divorce or legal separation, you or your spouse should provide a copy of the legal separation papers or divorce decree. You must provide this notice to: **KNOX COLLEGE**.

If you fail to give written notice with the sixty (60) day time period, the spouse and/or dependent child shall lose the right to elect COBRA continuation coverage.

**How Is COBRA Coverage Provided?**

Once the Plan Administrator receives notice that a Qualifying Event has occurred, COBRA continuation coverage will be offered to each of the Qualified Beneficiaries. Each Qualified Beneficiary has an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the Qualifying Event is the death of the employee, your divorce or legal separation, a dependent child’s losing eligibility as a dependent or loss of coverage due to Medicare Entitlement (under Part A, Part B or both), COBRA continuation lasts for up to a total of thirty-six (36) months.

When the Qualifying Event is the end of employment or reduction of the employee’s hours of employment, and the employee became entitled to Medicare benefits less than eighteen (18) months before the Qualifying Event, COBRA continuation coverage for Qualified Beneficiaries other than the employee lasts until thirty-six (36) months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare eight (8) months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to thirty-six (36) months after the date of Medicare entitlement, which is equal to twenty-eight (28) months after the date of the Qualifying Event (thirty-six (36) months minus eight (8) months).

Otherwise, when the Qualifying Event is the end of employment or reduction of the employee’s hours of employment, COBRA continuation coverage generally lasts for only up to a total of eighteen (18) months. There are two ways in which this eighteen (18) month period of COBRA continuation coverage can be extended.

**Disability Extension Of The Eighteen (18) Month Period**

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in writing in a timely fashion, you and your entire family may be entitled to receive up to an additional eleven (11) months of COBRA continuation coverage, for a total maximum of twenty-nine (29) months. The disability would have to have started some time before the sixtyieth (60th) day of COBRA continuation coverage and last at least until the end of the eighteen (18) month period of COBRA continuation coverage. A copy of the Notice of Award from the Social Security Administration must be submitted to the Plan Administrator and the COBRA Administrator within sixty (60) days of receipt of Notice of Award and before the end of the eighteen (18) month period of COBRA continuation coverage.

**Second Qualifying Event Extension Of Eighteen (18) Month Period**

If your COBRA covered family members experience another COBRA Qualifying Event within the first eighteen (18) months of COBRA continuation coverage, the spouse and dependent children in your family may be eligible to receive up to eighteen (18) additional months of COBRA continuation coverage, for a maximum of thirty-six (36) months, if notice of the secondary event is properly given to the Plan. This extension may be available to the spouse and any dependent children receiving COBRA continuation coverage if the employee or former employee dies, or is divorced or legally separated, or if the dependent child stops being eligible under the Plan as a dependent child. In all cases, the eighteen (18) month extension is available only if the second Qualifying Event would have caused the spouse or dependent child to lose coverage under the Plan had the first Qualifying Event not occurred.
The following example shows how the second Qualifying Event rule works. Former employee A elects eighteen (18) months of COBRA continuation coverage for the entire family. After the first six (6) months of COBRA continuation coverage, former employee A becomes entitled to Medicare (Part A, Part B or both). If former employee A were still actively employed, entitlement to Medicare would not result in a loss of coverage under the Employer’s group health plan. The additional eighteen (18) month extension is not available for the former employee’s spouse and dependents because if Medicare entitlement had occurred during active employment there would have been no loss of Employer group health plan coverage.

In all of these cases, you must notify the Plan Administrator within sixty (60) days of the second Qualifying Event.

Early Termination Of COBRA Continuation Coverage

COBRA continuation coverage will terminate before the end of the maximum period if:

♦ The Qualified Beneficiary fails to make the required contributions when due;
♦ The Qualified Beneficiary becomes covered under another group health plan after the date of the COBRA election. COBRA continuation coverage will be the secondary payor for all eligible health care expenses;
♦ The Qualified Beneficiary becomes entitled to Medicare benefits (Part A, Part B or both) after electing COBRA continuation coverage; or
♦ The Employer ceases to provide any group health plan for its employees.

How Can You Elect COBRA Continuation Coverage?

To elect COBRA continuation coverage, you must complete the Election Form and furnish it according to the directions on the form. Each Qualified Beneficiary has a separate right to elect COBRA continuation coverage. For example, the employee’s spouse may elect COBRA continuation coverage even if the employee does not. COBRA continuation coverage may be elected for only one, several or for all dependent children who are Qualified Beneficiaries. A parent may elect to continue COBRA continuation coverage on behalf of any dependent children. The employee or the employee’s spouse can elect COBRA continuation coverage on behalf of all of the Qualified Beneficiaries.

In considering whether to elect COBRA continuation coverage, you should take into account that a failure to continue your group health coverage will affect your future rights under federal law.

You will lose the guaranteed right to purchase individual health insurance policies if you do not elect COBRA continuation coverage for the maximum time available to you.

Finally, you should take into account that you have special enrollment rights under federal law. You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your spouse’s employer) within thirty (30) days after your group health coverage ends because of the Qualifying Event listed above. You will also have the same special enrollment right at the end of COBRA continuation coverage if you elect COBRA continuation coverage for the maximum time available to you.

How Much Does COBRA Continuation Coverage COST?

Generally, each Qualified Beneficiary may be required to pay the entire cost of COBRA continuation coverage. The amount a Qualified Beneficiary may be required to pay may not exceed one hundred two percent (102%) (or, in the case of an extension of COBRA continuation coverage due to a disability, one hundred fifty percent (150%)) of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated plan participant or beneficiary who is not receiving COBRA continuation coverage. The required payment for each COBRA continuation coverage period for each option is described in this notice.
The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance and for certain retired employees who are receiving pension payments from the Pension Benefit Guaranty Corporation (PBGC) (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or receive advance payment of sixty-five percent (65%) of premiums paid for qualified health insurance, including COBRA continuation coverage. If you have questions about these new tax provisions, you may call the Health Coverage Tax Credit Customer Contact Center toll free at 1-866-628-4282. TTD/TTY callers may call toll free at 1-866-626-4282. More information about the Trade Act is available at www.doleta.gov/tradeact.

When and How Must Payment for COBRA Continuation Coverage be Made?

First Payment For COBRA Continuation Coverage

If you elect COBRA continuation coverage, you do not have to send any payment with the Election Form. However, you must make your first payment for COBRA continuation coverage not later than forty-five (45) days after the date of your election. (This is the date the Election Notice is post-marked, if mailed.) If you do not make your first payment for COBRA continuation coverage in full within forty-five (45) days after the date of your election, you will lose all COBRA continuation coverage rights under the Plan. You are responsible for making sure that the amount of your first payment is correct. You may contact the COBRA Administrator or Plan Administrator to confirm the correct amount of your first payment.

Periodic Payments For COBRA Continuation Coverage

After you make your first payment for COBRA continuation coverage, you will be required to make periodic payments for each subsequent coverage period. The amount due for each coverage period for each Qualified Beneficiary is shown on the Election Notice. The periodic payments can be made on a monthly basis. Under the Plan, each of these periodic payments for COBRA continuation coverage is due on the first day of each month for that coverage period. If you make a periodic payment on or before the first day of the coverage period to which it applies, your coverage under the Plan will continue for that coverage period without any break. The Plan will send periodic notices of payments due for these coverage periods.

Grace Periods For Periodic Payments

Although periodic payments are due on the dates shown above, you will be given a grace period of thirty (30) days after the first day of the coverage period to make each periodic payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if you pay a periodic payment later than the first day of the coverage period to which it applies, but before the end of the grace period for the coverage period, your coverage under the Plan will be suspended as of the first day of the coverage period and then retroactively reinstated (going back to the first day of the coverage period) when the periodic payment is received. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated.

If you fail to make a periodic payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan. Your first payment and all periodic payments for COBRA continuation coverage should be sent to the Plan Administrator or COBRA Administrator.

For hospitalizations, this means that acute care as an inpatient is necessary due to the kind of services the Covered Person is receiving or the severity of the Covered Person's medical condition, and that safe and adequate medical care cannot be received as an outpatient or in a less intensified medical setting.

The fact that the service is prescribed, ordered, recommended or approved by a Physician does not, of itself, mean the service is Medically Necessary. HOW TO SUBMIT A CLAIM

GENERAL INFORMATION

To Receive Prompt And Full Payment For The Expenses Reimbursable Under This Plan, A Health Claim Form Must Be Submitted For Each Covered Person Once Each Calendar Year And An Additional Claim Form Must Be Submitted For The First Claim Related To An Accident.

Read the claim form carefully. Answer all of the questions on the form and include all required information.

The claim form has an "Authorization To Pay Benefits To Physician." This must be signed if you have NOT PAID the bill and you want payment made to the provider of service.

You must ALWAYS sign the "Authorization To Release Information".

Health claim forms are available from the College Personnel Office.

MEDICAL CLAIMS

Obtain a medical claim form from the College Personnel Office. One claim form is to be completed for each family member, each calendar year. Another claim form need not be completed unless the claim which is being submitted is the first claim related to an accident or unless there has been a change in your spouse’s employer or spouse’s insurance coverage or a change in a full-time student's school status.

Every medical claim must also include a Physician's statement specifying the nature of the illness or injury for which reimbursement is requested. The Claims Administrator will accept such a diagnostic statement on any form which your doctor prefers to use. WITHOUT A DIAGNOSIS, YOUR CLAIM CANNOT BE PROCESSED.

All bills, except those for drugs, must indicate the patient's full name, the nature of the illness or injury, the date(s) of service, the type(s) of service and the charge for each service and the name, address and tax identification number of the provider.

For reimbursement of prescription drug expenses under the Medical Expense Benefit Plan, submit your bills indicating the patient's full name, the name of the prescribing physician, the prescription number and the name of the medication, the charge for each prescription and the date of each purchase.

When prescription drugs are purchased through the Prescription Drug Plan, a claim submission is not necessary. Your only responsibility is to pay the applicable co-payment at the time you purchase the prescription.

Should there be a primary insurance carrier for a member of your family, it is important to submit a copy of the itemized claim with a copy of the primary carrier's Explanation of Benefits statement indicating payment or denial of the charges.

MEDICARE CLAIMS

A Medicare claim is submitted as previously explained; however, when you submit the claim, be sure you also submit the Explanation of Benefits (EOB) which you receive from Medicare. The Claims Administrator may be unable to accurately determine benefits payable under the Plan without the Medicare EOB.

DENTAL CLAIMS

Obtain a dental claim form from the College Personnel Office.

Complete the employee section in detail.

Discuss the treatment plan with your Dentist. If the services will exceed $500, ask your Dentist to submit a "Pre-Treatment Estimate." The Claims Administrator will advise your Dentist of the amount the Plan can pay toward your treatment.

If the services are for emergency treatment or less than $500, a treatment plan is not required. Your Dentist only needs to complete his/her portion of the claim form.
WHERE TO SUBMIT A CLAIM

Completed claim forms and itemized bills should be submitted to the address indicated on your Health Benefit I.D. Card.

ALWAYS RETAIN A COPY FOR YOUR RECORDS.
CLAIMS REVIEW PROCEDURE

Under the Plan, there are four types of claims: Pre-service (Urgent and Non-urgent), Concurrent Care and Post-service.

- **Pre-service Claims.** A “Pre-service Claim” is a claim for a benefit under the Plan where the Plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care.

  A “Pre-service Urgent Care Claim” is any claim for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations could seriously jeopardize the life or health of the Covered Person or the Covered Person’s ability to regain maximum function, or, in the opinion of a Physician with knowledge of the Covered Person’s medical condition, would subject the Covered Person to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

  If the Plan does not require the Covered Person to obtain approval of a specific medical service prior to getting treatment, then there is no Pre-service Claim. The Covered Person simply follows the Plan’s procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a post-service claim.

- **Concurrent Claims.** A “Concurrent Claim” arises when the Plan has approved an on-going course of treatment to be provided over a period of time or number of treatments, and either:

  - The Plan Administrator determines that the course of treatment should be reduced or terminated; or
  - The Covered Person requests extension of the course of treatment beyond that which the Plan Administrator has approved.

  If the Plan does not require the Covered Person to obtain approval of a medical service prior to getting treatment, then there is no need to contact the Plan Administrator to request an extension of a course of treatment. The Covered Person simply follows the Plan’s procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim.

- **Post-service Claims:** A “Post-service Claim” is a claim for a benefit under the Plan after the services have been rendered.

**When Health Claims Must Be Filed**

Post-service health claims must be filed with the Claims Administrator within twelve (12) months of the date charges for the service was incurred. Failure to file a claim within this time limit will not invalidate the claim provided that the Covered Person submits evidence satisfactory to the Plan Administrator that it was not reasonably possible to file the claim within the time limit. Benefits are based upon the Plan’s provisions at the time the charges were incurred. **Claims filed later than that date shall be denied.**

A Pre-service Claim (including a Concurrent Claim that also is a Pre-service Claim) is considered to be filed when the request for approval of treatment or services is made and received by the Claims Administrator in accordance with the Plan’s procedures.

Upon receipt of the required information, the claim will be deemed to be filed with the Plan. The Claims Administrator will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested as provided herein. This additional information must be received by the Claims Administrator within forty-five (45) days from receipt by the Covered Person of the request for additional information. **Failure to do so may result in claims being declined or reduced.**

**Timing of Claim Decisions**

The Plan Administrator shall notify the Covered Person, in accordance with the provisions set forth below, of any Adverse Benefit Determination (and, in the case of Pre-service Claims and Concurrent Claims, of decisions that a claim is payable in full) within the following timeframes:

- **Pre-service Urgent Care Claims:**
  - If the Covered Person has provided all of the necessary information, as soon as possible, taking into account the medical exigencies, but not later than twenty-four (24) hours after receipt of the claim.
  - If the Covered Person has not provided all of the information needed to process the claim, then the Covered Person will be notified as to what specific information is needed as soon as possible, but not later than twenty-four (24) hours after receipt
of the claim. The Covered Person will be notified of a determination of benefits as soon as possible, but not later than twenty-four (24) hours, taking into account the medical exigencies, after the earliest of:

- The Plan’s receipt of the specified information; or
- The end of the period afforded the Covered Person to provide the information.

• Pre-service Non-urgent Care Claims:

- If the Covered Person has provided all of the information needed to process the claim, in a reasonable period of time appropriate to the medical circumstances, but not later than fifteen (15) days after receipt of the claim, unless an extension has been requested, then prior to the end of the fifteen (15) day extension period.

- If the Covered Person has not provided all of the information needed to process the claim, then the Covered Person will be notified as to what specific information is needed as soon as possible, but not later than five (5) days after receipt of the claim. The Covered Person will be notified of a determination of benefits in a reasonable period of time appropriate to the medical circumstances, either prior to the end of the extension period (if additional information was requested during the initial processing period), or by the date agreed to by the Plan Administrator and the Covered Person (if additional information was requested during the extension period).

• Concurrent Claims:

- Plan Notice of Reduction or Termination. If the Plan Administrator is notifying the Covered Person of a reduction or termination of a course of treatment (other than by Plan amendment or termination), before the end of such period of time or number of treatments. The Covered Person will be notified sufficiently in advance of the reduction or termination to allow the Covered Person to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated.

- Request by Covered Person Involving Urgent Care. If the Plan Administrator receives a request from a Covered Person to extend the course of treatment beyond the period of time or number of treatments that is a claim involving urgent care, as soon as possible, taking into account the medical exigencies, but not later than twenty-four (24) hours after receipt of the claim, as long as the Covered Person makes the request at least twenty-four (24) hours prior to the expiration of the prescribed period of time or number of treatments. If the Covered Person submits the request with less than twenty-four (24) hours prior to the expiration of the prescribed period of time or number of treatments, the request will be treated as a claim involving urgent care and decided within the urgent care timeframe.

- Request by Covered Person Involving Non-urgent Care. If the Plan Administrator receives a request from the Covered Person to extend the course of treatment beyond the period of time or number of treatments that is a claim not involving urgent care, the request will be treated as a new benefit claim and decided within the timeframe appropriate to the type of claim (either as a Pre-service non-urgent Claim or a Post-service Claim).

• Post-service Claims:

- If the Covered Person has provided all of the information needed to process the claim, in a reasonable period of time, but not later than thirty (30) days after receipt of the claim, unless an extension has been requested, then prior to the end of the fifteen (15) day extension period.

- If the Covered Person has not provided all of the information needed to process the claim and additional information is requested during the initial processing period, then the Covered Person will be notified of a determination of benefits prior to the end of the extension period, unless additional information is requested during the extension period, then the Covered Person will be notified of the determination by a date agreed to by the Plan Administrator and the Covered Person.

• Extensions – Pre-service Urgent Care Claims. No extensions are available in connection with Pre-service Urgent Care Claims.

• Extensions – Pre-service Non-urgent Care Claims. This period may be extended by the Plan for up to fifteen (15) days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the Covered Person, prior to the expiration of the initial fifteen (15) day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.
• **Extensions – Post-service Claims.** This period may be extended by the Plan for up to fifteen (15) days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the Covered Person, prior to the expiration of the initial thirty (30) day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.

• **Calculating Time Periods.** The period of time within which a benefit determination is required to be made shall begin at the time a claim is deemed to be filed in accordance with the procedures of the Plan.

**Notification of an Adverse Benefit Determination**

The Plan Administrator shall provide a Covered Person with a notice, either in writing or electronically (or, in the case of Pre-service Urgent Care Claims, by telephone, facsimile or similar method, with written or electronic notice), containing the following information:

- A reference to the specific portion(s) of the Plan Document and Summary Plan Description upon which a denial is based;
- Specific reason(s) for a denial;
- A description of any additional information necessary for the Covered Person to perfect the claim and an explanation of why such information is necessary;
- A description of the Plan’s review procedures and the time limits applicable to the procedures, including a statement of the Covered Person’s right to bring a civil action under section 502(a) of ERISA (if applicable) following an Adverse Benefit Determination on final review;
- A statement that the Covered Person is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Covered Person’s claim for benefits;
- The identity of any medical or vocational experts consulted in connection with a claim, even if the Plan did not rely upon their advice (or a statement that the identity of the expert will be provided, upon request);
- Any rule, guideline, protocol or similar criterion that was relied upon in making the determination (or a statement that it was relied upon and that a copy will be provided to the Covered Person, free of charge, upon request);
- In the case of denials based upon a medical judgment (such as whether the treatment is Medically Necessary or Experimental), either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Covered Person’s medical circumstances, or a statement that such explanation will be provided to the Covered Person, free of charge, upon request; and
- In a claim involving urgent care, a description of the Plan’s expedited review process.

**Appeals of Adverse Benefit Determinations**

**Full and Fair Review of All Claims**

In cases where a claim for benefits is denied, in whole or in part, and the Covered Person believes the claim has been denied wrongly, the Covered Person may appeal the denial and review pertinent documents. The claims procedures of this Plan provide a Covered Person with a reasonable opportunity for a full and fair review of a claim and Adverse Benefit Determination. More specifically, the Plan provides:

- Covered Persons at least one hundred eighty (180) days following receipt of a notification of an initial Adverse Benefit Determination within which to appeal the determination and one hundred eighty (180) days to appeal a second Adverse Benefit Determination;
- Covered Persons the opportunity to submit written comments, documents, records, and other information relating to the claim for benefits;
• For a review that does not afford deference to the previous Adverse Benefit Determination and that is conducted by an appropriate named fiduciary of the Plan, who shall be neither the individual who made the Adverse Benefit Determination that is the subject of the appeal, nor the subordinate of such individual;

• For a review that takes into account all comments, documents, records, and other information submitted by the Covered Person relating to the claim, without regard to whether such information was submitted or considered in any prior benefit determination;

• That, in deciding an appeal of any Adverse Benefit Determination that is based in whole or in part upon a medical judgment, the Plan fiduciary shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment, who is neither an individual who was consulted in connection with the Adverse Benefit Determination that is the subject of the appeal, nor the subordinate of any such individual;

• For the identification of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claim, even if the Plan did not rely upon their advice;

• That a Covered Person will be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Covered Person’s claim for benefits in possession of the Plan Administrator or the Claims Administrator; information regarding any voluntary appeals procedures offered by the Plan; any internal rule, guideline, protocol or other similar criterion relied upon in making the adverse determination; and an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Covered Person’s medical circumstances; and

• In an Urgent Care claim, for an expedited review process pursuant to which:
  ▪ A request for an expedited appeal of an Adverse Benefit Determination may be submitted orally or in writing by the Covered Person; and
  ▪ All necessary information, including the Plan’s benefit determination on review, shall be transmitted between the Plan and the Covered Person by telephone, facsimile or other available similarly expeditious method.

• A statement in clear and concise terms of the reason or reasons for disagreement with the handling of the claim; and

**Timing of Notification of Benefit Determination on First Appeal**
The Plan Administrator shall notify the Covered Person of the Plan’s benefit determination on review within the following timeframes:

• **Calculating Time Periods.** The period of time within which the Plan’s determination is required to be made shall begin at the time an appeal is filed in accordance with the procedures of this Plan, without regard to whether all information necessary to make the determination accompanies the filing.

**Manner and Content of Notification of Adverse Benefit Determination on First Appeal**
The Plan Administrator shall provide a Covered Person with notification, with respect to Pre-service Urgent Care Claims, by telephone, facsimile or similar method, and with respect to all other types of claims, in writing or electronically, of a Plan’s Adverse Benefit Determination on review, setting forth:

• If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the Covered Person upon request;

• If the Adverse Benefit Determination is based upon a medical judgment, a statement that an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Covered Person’s medical circumstances, will be provided free of charge upon request;

• A description of any additional information necessary for the Covered Person to perfect the claim and an explanation of why such information is necessary;

**Furnishing Documents in the Event of an Adverse Determination**

In the case of an Adverse Benefit Determination on review, the Plan Administrator shall provide such access to, and copies of, documents, records, and other information described in the section relating to “Manner and Content of Notification of Adverse Benefit Determination on First Appeal” as appropriate.

**Second Appeal Level**

**Adverse Decision on First Appeal; Requirements for Second Appeal**

Upon receipt of notice of the Plan’s adverse decision regarding the first appeal, the Covered Person has one hundred eighty (180) days to file a second appeal of the denial of benefits. The Covered Person again is entitled to a “full and fair review” of any denial made at the first appeal, which means the Covered Person has the same rights during the second appeal as he or she had during the first appeal. As with the first appeal, the Covered Person’s second appeal must be in writing (although oral appeals are permitted for Pre-service Urgent Care Claims) and must include all of the items set forth in the section entitled “Requirements for First Appeal.”

**Timing of Notification of Benefit Determination on Second Appeal**

The Plan Administrator shall notify the Covered Person of the Plan’s benefit determination on review within the following timeframes:

**Calculating Time Periods.** The period of time within which the Plan’s determination is required to be made shall begin at the time the second appeal is filed in accordance with the procedures of this Plan, without regard to whether all information necessary to make the determination accompanies the filing.

**Manner and Content of Notification of Adverse Benefit Determination on Second Appeal**

The same information must be included in the Plan’s response to a second appeal as a first appeal, except for:

- A description of any additional information necessary for the Covered Person to perfect the claim and an explanation of why such information is needed;

- A description of the Plan’s review procedures and the time limits applicable to the procedures; and

- For Pre-service Urgent Care Claims, a description of the expedited review process applicable to such claim. See the section entitled “Manner and Content of Notification of Adverse Benefit Determination on First Appeal.”
Furnishing Documents in the Event of an Adverse Determination
In the case of an Adverse Benefit Determination on the second appeal, the Plan Administrator shall provide such access to, and copies of, documents, records, and other information described in the section relating to “Manner and Content of Notification of Adverse Benefit Determination on First Appeal” as is appropriate.

Decision on Review
If, for any reason, the Covered Person does not receive a written response to the appeal within the appropriate time period set forth above, the Covered Person may assume that the appeal has been denied. Note that: **all claim review procedures provided for in the Plan must be exhausted before any legal action is brought. Any legal action for the recovery of any benefits must be commenced within three (3) years after the Plan’s claim review procedures have been exhausted.**

External Review
When a Covered Person has exhausted the internal appeals process outlined above, the Covered Person has a right to have that decision reviewed by independent health care professionals who has no association with the Plan, or the Plan Administrator. If the Adverse Benefit Determination involved making a judgment as to the Medical Necessity, appropriateness, health care setting, level of care or effectiveness of the health care service or treatment you requested, you may submit a request for external review within **four (4) months** after receipt of a denial of benefits. For standard external review, a decision will be made within **forty-five (45) days** of receiving your request. If you have a medical condition that would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function if treatment is delayed, you may be entitled to request an **expedited external review** of the denial. If our denial to provide or pay for health care service or course of treatment is based on a determination that the service or treatment is experimental or investigation, you also may be entitled to file a request for external review of our denial.

Please contact your Plan Administrator with any questions on your rights to external review.

1. with care, skill, prudence and diligence under the given circumstances that a prudent person, acting in a like capacity and familiar with such matters, would use in a similar situation;

2. by diversifying the investments of the Plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and

3. in accordance with the Plan documents to the extent that they agree with ERISA.

THE NAMED FIDUCIARY

A "named fiduciary" is the one named in the Plan. A named fiduciary can appoint others to carry out fiduciary responsibilities (other than as a trustee) under the Plan. These other persons become fiduciaries themselves and are responsible for their acts under the Plan. To the extent that the named fiduciary allocates its responsibility to other persons, the named fiduciary shall not be liable for any act or omission of such person unless either:

the named fiduciary has violated its stated duties under ERISA in appointing the fiduciary, establishing the procedures to appoint the fiduciary or continuing either the appointment or the procedures; or

the named fiduciary breached its fiduciary responsibility under Section 405(a) of ERISA.

ASSETS UPON TERMINATION

The assets of the Plan will be used to pay for any benefits incurred prior to the termination of the Plan.

THE TRUST AGREEMENT

If this Plan is established under a Trust agreement, that agreement is made a part of the Plan. A copy of the appropriate agreement is available for examination by Employees and their Dependent(s) at the office of the Plan Administrator during normal business hours. Also, upon written request, the following items will be furnished to an Employee, Retiree or Dependent:

A copy of the Trust agreement.

A complete list of employers and employee organizations sponsoring the plan.

Service of legal process may be made upon a Plan trustee.

PLAN IS NOT AN EMPLOYMENT CONTRACT

The Plan is not to be construed as a contract for or of employment.

GENDER AND NUMBER

Wherever any words are used herein in the masculine, feminine or neuter gender, they shall be construed as though they were also used in another gender in all cases where they would so apply, and whenever any words are used herein in the singular or plural form, they shall be construed as though they were also used in the other form in all cases where they would so apply.

HEADINGS

The headings and subheadings of this Plan Document and Summary Plan Description have been inserted for convenience of reference and are to be ignored in any construction of the provisions thereof.

CONFORMITY WITH LAW
If any provision of the Plan is contrary to any law to which it is subject, such provision is hereby amended to conform to the minimum requirements thereof. This Plan intends to comply with any laws to which it is subject, whether or not this Plan has been specifically amended accordingly. These laws include ERISA, TEFRA, DEFRA, COBRA, The Family and Medical Leave Act of 1993 (FMLA), Budget Reconciliation Acts, HIPAA, MHPA, MNHPA, WHCRA, and any other laws which may have been enacted already or which may be enacted in the future.

LIABILITY OF OFFICERS AND EMPLOYEES

No officer or Employee of the Employer who may or may not be acting in a fiduciary capacity shall incur any personal liability of any nature for any act done or omitted to be done in good faith in connection with his/her duties in connection with the Plan, except in cases of wanton or willful negligence, or willful misconduct. Such officers or Employees shall be indemnified and saved harmless by the Employer from and against any liability to which any of them may be subjected by reason of any such good faith act or conduct in their official capacity, or by reason of conduct consistent with such prudent man rule acting in such fiduciary capacity, including all expenses reasonably incurred in their defense to the extent permitted by law.

CLERICAL ERROR

Any clerical error by the Plan Administrator or an agent of the Plan Administrator in keeping pertinent records or a delay in making any changes will not invalidate coverage otherwise validly in force or continue coverage validly terminated. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, due to a clerical error, an overpayment occurs in a Plan reimbursement amount, the Plan retains a contractual right to the overpayment. The person or institution receiving the overpayment will be required to return the overpayment.

AMENDING AND TERMINATING THE PLAN

If the Plan is terminated, the rights of the Covered Persons are limited to expenses incurred before termination.

The Employer intends to maintain this Plan indefinitely; however, it reserves the right, at any time, to amend, suspend or terminate the Plan in whole or in part. This includes amending the benefits under the Plan or the Trust agreement (if any).

CERTAIN EMPLOYEE RIGHTS UNDER ERISA

Covered Persons in this Plan are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA specifies that all Covered Persons shall be entitled to:

**Receive Information About Your Plan and Benefits**

Examine, without charge, at the Plan Administrator's office, all Plan documents and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

Obtain copies of all Plan documents and other Plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each Covered Person with a copy of this summary annual report.

**Continue Group Health Plan Coverage**

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the Plan as a result of a Qualifying Event. You or your dependents may have to pay for such coverage. Review this Summary Plan Description and the documents governing the Plan on the rules governing your COBRA continuation coverage rights.
You must be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for Covered Persons, ERISA imposes obligations upon the individuals who are responsible for the operation of the Plan. The individuals who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of the Covered Persons and their beneficiaries. No one, including the Employer or any other person, may fire a Covered Person or otherwise discriminate against a Covered Person in any way to prevent the Covered Person from obtaining benefits under the Plan or from exercising his or her rights under ERISA.

Enforce Your Rights

If a Covered Person's claim for a benefit is denied, in whole or in part, the Covered Person will receive a written explanation of the reason for the denial. The Covered Person has the right to have the Plan review and reconsider the claim. Under ERISA there are steps that the Covered Person can take to enforce the above rights. For instance, if the Covered Person requests materials from the Plan and does not receive them within thirty (30) days, that person may file suit in federal court. In such a case, the court may require the Plan Administrator to provide the materials and to pay the Covered Person up to $110 a day until he or she receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If the Covered Person has a claim for benefits which is denied or ignored, in whole or in part, that participant may file suit in state or federal court.

If it should happen that the Plan fiduciaries misuse the Plan's money, or if a Covered Person is discriminated against for asserting his or her rights, he or she may seek assistance from the U.S. Department of Labor, or may file suit in a federal court. The court will decide who should pay court costs and legal fees. If the Covered Person is successful, the court may order the person sued to pay these costs and fees. If the Covered Person loses, the court may order him or her to pay these costs and fees, for example, if it finds the claim or suit to be frivolous.

Assistance With Your Questions

If the Covered Person has any questions about the Plan, he or she should contact the Plan Administrator. If the Covered Person has any questions about this statement or his or her rights under ERISA or the Health Insurance Portability and Accountability Act (HIPAA), that Covered Person should contact either the nearest area office of the Employee Benefits Security Administration, U.S. Department of Labor listed in the telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor at 200 Constitution Avenue, N.W., Washington, DC 20210.

PRIVACY AND PROTECTED HEALTH INFORMATION

A federal law, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Privacy and Security Rules promulgated thereunder, requires that health plans protect the confidentiality of your private health information. A complete description of your rights under HIPAA can be found in the Plan’s privacy notice, which was distributed to you upon enrollment and is available from the Human Resources Manager.

This Plan, and the Plan Sponsor, will not use or further disclose information that is protected by HIPAA (“protected health information”) except as necessary for treatment, payment, health plan operations and plan administration, or as permitted or required by law. By law, the Plan has required all of its business associates to enter into agreements to protect the confidentiality of protected health information. In particular, the Plan will not, without authorization, use or disclose protected health information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor.

Under HIPAA, you have certain rights with respect to your protected health information, including certain rights to see and copy the information, receive an accounting of certain disclosures of the information and, under certain circumstances, amend the information. You also have the right to file a complaint with the Plan or with the Secretary of the U.S. Department of Health and Human Services if you believe your rights under HIPAA have been violated.
This Plan maintains a privacy notice, which provides a complete description of your rights under HIPAA’s privacy rules. For a copy of the notice, please contact the Human Resources Department. If you have questions about the privacy of your protected health information or if you wish to file a HIPAA complaint, please contact the Human Resources Department.
