

# Recycling at Knox

## NON-TRADITIONAL RECYCLING

Knox belongs to many Terracycle recycling brigades, which offer a means for recycling a number of non-traditional items that you can't recycle in the traditional recycling stream. These brigades can change throughout the year, so please note the signs on collection bins or check [knox.edu/recycling](http://knox.edu/recycling) for up-to-date information.

### Personal Care Product Packaging

Including hair care, skin care, and cosmetic product packaging, mouthwash bottles and caps, deodorant containers and caps, toothpaste tubes and caps, soap packaging, floss containers, and toothbrushes and their outer packaging.

### Cleaner Packaging

Including pumps and caps, triggers, and pouches.

### Brita®

Including all pitchers, dispensers, bottles, faucet systems, all filters, and filter packaging.

### Foil-lined Wrappers

Including granola bar, chips, and more.

### Bear Naked Product Packaging

### Tape Dispensers and Cores

## Clothing and Textiles

Where: Designated bin in the mail room

Worn, satined, and damaged textiles are brought to a textile recycling company that shreds them for use in insulation, moving blankets, and other products.

Collection bins located in most of the campus buildings, such as the Library lobby and basement of Alumni Hall.

Batteries - Alkaline, button, and Rechargeable

Inkjet and Toner Cartridges

Old Media - CDs, DVDs, VHS, Floppy Disks, etc.

Small Electronics - Mobile Phones, Headphones, etc.

If in doubt, contact the office of sustainability at [sustainability@knox.edu](mailto:sustainability@knox.edu)
