

Assistant Professor of Computer Science [2 positions]

The Department of Computer Science at Knox College invites applications for appointments as full-time, tenure-track assistant professor beginning September 1, 2025. Two tenure-track positions are available.

Knox is an independent, selective liberal arts institution with a strong commitment to undergraduate teaching. Computer Science at Knox is a dynamic, growing program, with an orientation towards combining rigorous foundations in experiential education, student research, and collaboration with other departments.

Knox is located in a friendly small town where every day we aim to make a positive impact on the lives of unique and creative students. Our institution values a wide variety of academic, pedagogical, and service-based contributions to our students and our community. Our department is pedagogically innovative and collaborates with multiple distinctive interdisciplinary programs across campus. We are open to any research area, as well as new courses, programs, and pedagogies.

We are particularly interested in candidates who can contribute to teaching and learning for a diverse student body in which 21% are first-generation college students, 37% of domestic students are students of color, and more than 20% are international students.

The successful candidate should be able to teach a broad spectrum of courses across the CS curriculum. The position involves a six-course teaching load (two courses in each of three 10-week terms) that includes introductory, intermediate, and advanced courses that are within the candidate's area of expertise.

Knox College provides a competitive salary and a strong benefit package including health, dental, vision and life insurance, and access to a retirement plan; a tuition remission benefit is available after a two-year waiting period. Additional information can be found on our Human Resources webpage at <https://www.knox.edu/offices/human-resources/employee-benefits-and-forms>.

Qualifications: Ph.D. in computer science or related field preferred, but exceptional candidates with an advanced degree and equivalent experience will be considered.

Candidates should submit:

1. a cover letter addressing how the candidate's teaching interests and experiences are suited to a selective, diverse liberal arts college;

2. a curriculum vitae;
3. a statement of teaching philosophy and research interests; and
4. three confidential letters of recommendation.

Submission via Interfolio: <http://apply.interfolio.com/152587>

Review of applications will begin on September 23 and continue until the position is filled.

Questions may be addressed to David Bunde at cssearch@knox.edu.

Knox Notice of Non-Discrimination

In keeping with its commitment to equal rights since it was founded in 1837, Knox College particularly welcomes applications from members of underrepresented groups. Knox College does not discriminate on the basis of sex, pregnancy, gender identity or expression, race, color, creed, national or ethnic origin, religion or religious affiliation, sexual orientation or preference, age, marital or family status, disability, veteran status, or other status protected by applicable federal, state, or local law in admission, financial aid, employment, athletics, or any other aspect of its educational programs or activities. In addition, Knox College is prohibited by Title IX of the Education Amendments of 1972 and its accompanying regulations from so discriminating on the basis of sex.

The College official responsible for coordinating compliance with this Notice of Non-Discrimination is the Director of Title IX and Civil Rights Compliance. Any inquiries regarding Title IX or the College's policies that prohibit discrimination and harassment should be directed to the Director of Title IX and Civil Rights Compliance identified below. The coordinator will be available to meet with or talk to students, staff, and faculty regarding issues relating to this Notice of Non-Discrimination and the College's policies and procedures.
