

## **OVERLOAD REQUEST FORM**

The normal load during one term is 3 credits. The regular maximum load is 3 1/2 credits, or 3 credits for students on unsatisfactory status. Permission to enroll for more credit must be obtained from the Academic Standing Committee; Faculty Regulation C.4.5 specifies an absolute maximum of 4 credits. Permission is usually granted to students having strong academic records and well-reasoned programs of study, and is seldom given without these conditions. The overload fee will be charged to all students enrolled for more than 3-1/2 credits. For 2004-05 the overload fee is \$1390 for one-half extra credit, per term.
